Use this form to summarize your box-by-box weekly monitoring data by species in preparation for entry into the annual data collection worksheet Data entry instructions are to be found at End of Season Report Form. Print additional forms as needed.

The link to the data entry spreadsheet will be made available in spring of each season. Enter the totals of all broods of a species except for bluebirds which are broken out by broods 1-3.

Season:		Trail County:			
Trail Name:
